

PROJECT DESIGN PHASE II

SOLUTION REQUIREMENTS (FUNCTIONAL & NON-FUNCTIONAL)

Date	28.10.2025
Team ID	NM2025TMID04506
Project Name	Laptop Request Catalog item
Maximum Marks	4 Marks

FUNCTIONAL REQUIREMENTS :

Following are the functional requirements of the proposed solution, broken down by Epic (the major feature) and the Sub-Task (the specific function).

FR No.	FUNCTIONAL REQUIREMENT (EPIC)	SUB REQUIREMENT (STORY/SUB-TASK)
FR-1	Form Submission	✓ User must be able to select from a list of laptop models. ✓ User's manager and location must be auto-populated. ✓ A business justification must be a mandatory field.
FR-2	Approval Workflow	✓ Request must be automatically routed to the user's manager for approval. ✓ Manager must be able to approve or reject the request.

FR-3	Fulfillment	✓ If approved, a task must be automatically created. ✓ The task must be assigned to the "IT Hardware" group. ✓ If rejected, the request must be closed, and no task created.
FR-4	Notifications	✓ User must receive an email confirmation upon submission. ✓ User must receive an email when the request is approved or rejected.

NON-FUNCTIONAL REQUIREMENTS :

Following are the non-functional requirements (quality attributes) of the proposed solution.

NFR No.	NON-FUNCTIONAL REQUIREMENT	DESCRIPTON
NFR-1	Usability	The interface should be simple for any employee to use. All auto-filled fields (Manager, Location) should be clear and read-only.
NFR-2	Security	Only authorized, logged-in employees can view and submit the catalog item.

NFR-3	Reliability	The workflow must always find the correct manager. If the manager field is empty, the approval must be routed to the Service Desk as a failsafe.
NFR-4	Performance	The form must load in under 3 seconds. The approval email must be sent immediately (under 1 minute) after submission.
NFR-5	Availability	The catalog item must be available 24/7 in the Service Portal for employees to submit requests.
NFR-6	Maintainability	The list of laptop models must be easily updatable by an admin (in a Choice List) without needing to change the workflow.
